

## Colored Skin Made Lighter Excursion Season For 1909

The Chemical Wonder Company of New York manufactures seven Chemical Wonders which enable colored people to improve their appearance. These wonders cost 50 cents each. White people spend millions to beautify themselves. Colored people should make themselves attractive as possible. Colored men who use these wonders secure better situations in banks, clubs and business houses. Colored women occupy higher positions socially and commercially, marry better, get along better.

(1) Complexion Wonder Creme makes dark skin lighter colored, not with artificial white, but naturally; makes the skin itself lighter colored every time it is applied. Keeps the skin healthy, soft, fine. Makes any colored face more attractive. Improves any colored countenance like magic.

(2) Magneto-metallic comb, called Wonder Comb, can be heated before using and will straighten any hair. Will last a lifetime.

(3) Pomade, called Wonder Uncurl, uncurls kinks in hair and keeps it straight, lustrous and flexible. Wonder Uncurl heated into the scalp with a Wonder Comb will make the kinkiest head of hair look handsome.

(4) Wonder Hair Grow. Fertilizers in corn fields makes corn stalks grow, so this fertilizer rubbed into the scalp makes the hair grow longer, strengthens the scalp so it can hold the hair from falling out. It can be heated into the scalp with a Wonder Comb.

(5) Odor Wonder Powder instantly destroys perspiration odor. Thousands of men are barred from good salaries because of this unseen horror. Thousands of women are shut off from marriage and social life by this invisible barrier. People cannot detect perspiration odor on themselves. Every living being should use this powder.

(6) Odor Wonder Liquid is delightful as a toilet water; can be used with Odor Wonder Powder or separately. Surrounds the body with fragrance. A great luxury for those who can afford it.

(7) This pink variety of Complexion Wonder Creme No. 2 is called Shell-Pink. Gives lovely pink cheeks to light brown or mulatto colored faces. Light brown complexion with pink cheeks mark great personal beauty.

Gentlemen:  
I wish to say that my hair was only about three inches long and so kinky, stiff and harsh I could not manage it at all, but after using two jars of your Her-Tru-Line I have a pretty suit of hair as any lady in Atlanta. I wish every one with curly or kinky hair knew of this wonderful Her-Tru-Line.

Yours respectfully,  
Miss Lovie Mayes

schools in the country, the Boston Latin School and Harvard. He was for several years professor of modern languages at the Normal and Collegiate Institute, Petersburg, Virginia. In 1882 he entered the medical school at Harvard, graduating in 1885. The Doctor immediately began the practice of medicine and in a year or so had a practice second to none of our physicians.

He was so universally kind that good

he won the admiration and respect of all with whom he came in contact. In 1883 he married Aaronella Molyneux Hewlett, a daughter of the late Professor A. Molyneux Hewlett, of Harvard University.

The Doctor is survived by a widow and two children, Miss Marion T. Scott and Paul Scott. He will long be remembered as a true representative man who left an impress for

Protestant Episcopal Church excursion on the 21st instant. There will be no crowding, as arrangements have been perfected for ample boat service. The committee in charge guarantees highly satisfactory service in every particular. All good people will be welcomed and made to feel comfortable and at home.

### OUR CORNER

Snowdon Ashford, former Inspector of Buildings, has been sworn in as Municipal Architect. Morris Hacker has taken the oath as Inspector of Buildings. He was at one time Superintendent of County Roads and was chief engineer of the Ohio Electric Railway.

President Taft said at the Alumni dinner, New Haven, June 30:

"Unless the Republican party lives up to its promises and the expectations of the people, there is no doubt that it will be relegated to the position of the minority opposition."

Queen Wilhelmina has requested Mr. Beupre, the United States Minister at The Hague, to make known to the people of his country her sincere appreciation of the many congratulations sent to her by them upon the happy birth of her daughter, the Princess Juliana.

We feel that the Board of Education will give the schools of the 10th, 11th, 12th and 13th divisions its earnest attention, as it has done in all other matters connected with the schools. The Board cannot be expected to know every evil that exists until it is brought under its observation. It passes lightly over nothing, gives everything fair consideration and justice.

An extract of the parting address of Dr. W. S. Montgomery, to the teachers under his supervision, June 21, 1909.

"The session about to end, in keeping with the present policy, severs my relations with you as Supervising Principal. I therefore, before the tie is sundered, desire to give expression to the feelings of gratitude and good will for the unfailing courtesy and cooperation which have characterized our entire course. In no instance have the most cordial or pleasant relations suffered interruption by misunderstanding and ill will. My labor with you and for you has been one of love, as well as one of duty, and although absent in body, there will remain for me the delightful memory of a year passed among you. If my sojourn with you in any way rendered the yoke of service easy and its burden light, then I have my reward. If in any way I have caused pain by word or act to any, I crave forgiveness from Heaven's just Judge."

It is hoped that in the disposition of the high places in the schools, that those who have rendered long and efficient service will be remembered also; we would think it just recognition if Miss M. Gibbs, Dr. T. J. Cardoza, K. C. Lewis, S. C. Lewis and a few others were considered.

Mr. T. J. Walker and A. Stafford

are the two new supervisors.

The Original Parents—Teachers' Association of Alfred Jones School, had a very successful lawn fete on Wednesday, June 30, on the lawn of the school.

Besides a pleasant and social evening spent, addresses were made by Dr. W. S. Montgomery, Supervising Principal of the 12th division, who stressed the object and work of the association, good citizenship; Rev. E. W. Williams, President of the Ferguson and Williams Normal and Polytechnic College, Abbeville, South Carolina, in which he spoke of the great results arising from the union of parents and teachers, Mrs. E. W. Williams, Principal of this school, who explained how the home is responsible for good government.

A committee of parents, members of the association, consisting of Mesdames Young, Tolson, Holcomb, and Bell was appointed to take contributions from the association to the committees for a safe and sane 4th of July, and the summer outing committee.

The Virginia farmers are angered by a Post Office appointment. J. I. Greenhow, of Williamsburg, Virginia, was one of twelve who took the Civil Service examination for rural route delivery carrier, at the above mentioned place, May 29. Of the twelve, nine were white and three colored. Greenhow bore away the palm from all competitors, standing first and making an average of 97.1-2 in his examination.

The only objection made against Greenhow thus far is on account of his color.

Master Maurice Curtis has departed for a trip to Seattle, Washington. Messrs. Lawson and Chestnut, college graduates, have just completed a most successful post graduate course at Normal School No. 2.

Miss Euphemia Lofton has been appointed as first grade teacher and assigned to the Lucretia Mott School. She will resume her studies at the Howard University. Her many honors received while in Normal School No. 2 and St. Augustine's Sunday school, show that she is a young lady of unusual ability and is justly classed as the leader of her day school and Sunday school.

Dr. Bailey and bride are spending their honeymoon in Boston with relatives.
